

- Semester Activity-
for Information Technology Center
from 10/1/2019 to 10/4/2019

Scientific axis	Conferences (holding or participating conference, the date and the place)	<p>- Participation as an attendance in the second scientific conference for computer science, which was held At the University Theater 27-28/ 3 / 2019</p>
	Seminars	<p>1- Participation as an attendance in the scientific symposium entitled "Projects". Applied postgraduate studies an effective contribution to solving scientific problems and Social Sciences in our dear country" in the Department of Computer Engineering on 25/2/2019.</p> <p>2- Participation as an attendance in the scientific symposium tagged "the importance of engineering Air navigation its role and requirements in the labor market and the exhibition. The first scientific of scientific projects for students of the department "Department of Engineering Electromechanical dated 27/2/2019</p> <p>3-Participation as an attendance in the symposium "How to detect drugs and its disadvantages" in the Department of Engineering Control dated 3/3/2019.</p> <p>4-Participation as an attendance in the fourth scientific forum for student projects, Postgraduate studies in the Department of Mechanical Engineering on 19/3/2019.</p> <p>5-Participation as an attendance in the symposium "Advanced materials and their applications "Medical and Industrial" in the Department of Applied Sciences on 3/13/2019.</p> <p>6-Participation as an attendance in a seminar on the handling of hazardous materials /reality The Ambition, the Fourth International Scientific Conference on Environment and Sustainable Development At the Environmental Research Center on 12/3/2019.</p> <p>7- Participation as attendance in the web of things and internet of things symposium in computer science on 3/4/2019.</p> <p>8- Participation as attendance in the symposium "Iraqi Blogs and the Ethics of Practicing the Engineering Profession and University Education" in the Department of Materials Engineering On 4/4/2019.</p>

		9-Participation as attendance in the seminar "The Iraqi Space Program in Engineering" Communications on 4/8/2019.
	Workshops	<p>1-Holding a workshop on the human resources system in the information technology center on 19/3/2019</p> <p>2-Attending a workshop at the headquarters of the Ministry of Higher Education and Scientific Research on -Digital repository 24/3/2019</p> <p>3-Holding a workshop on the electronic management system of the Ministry in - Information Technology Center on 7/4/2019</p> <p>4-Holding a workshop on the two systems for applying to graduate studies and the system Direct application to graduate students in the Information Technology Center On / 10 / 2 / 2019</p> <p>5-Participation in the capacity of attending a workshop to implement the English language exam in Department of Computer Science on 1/13/2019</p> <p>6-participation in the capacity of attending a workshop model European Foundation -For Quality Management in the Department of Chemical Engineering 3/19 - 2019</p>
	Scientific researches	Three researches
	Scientific visits	none
	Agreements	none
Engineering and technician axis	Laboratories (building and supplies)	none
	Holding courses (number of courses, course name, place)	<p>1-A course on designing and building websites using Html5 and CSS3 on 7-11/4/2019 held by a center staff Technology and IT Center.</p> <p>2-Course of Linux 7-11/4/2019 It was held by information technology center staff In information technology center</p> <p>3-Course of Microsoft C# principles on date 24-28/3/2019 It was held by information technology center staff In information technology center</p> <p>4- Course of Windows server 2012 on date 10-14 / 2 / 2019 It was held by information technology center staff In information technology center</p> <p>5- Course of programming in Python language 17-20 /3/2019 It was held by information technology center staff In information technology center</p> <p>6- Course of ATM 17-20 /3/2019 It was held by information technology center staff In information technology center</p> <p>7- State employee promotion course with 4 courses in 13/1-10/4/2019 It was held by information technology center staff In information</p>

		<p>technology center</p> <p>8- Wired and wireless network management course using Mikrotik in 10-14/3/2019 It was held by information technology center staff In information technology center</p> <p>9- Computer maintenance course on February 17-21, 2019 held by Technology center staff and in the IT center</p> <p>10- Microsoft Excel Table Wizard Course 3 dated - 7/3/2019 set up by the staff of a technology center and in a center Information Technology</p> <p>11- Microsoft Access Database Wizard course dated 24/2/2019 - 7/3/2019 set up by a technology center staff In the information technology center</p> <p>12- SQL Server 2012 Database Wizard 24 / 3- 7 / 4 / 2019 set up by the staff of a technology center and in a center Information Technology Projects.</p>
	<p>Engineering projects</p>	<p>1- Programming, design and delivery of warehouse system for central warehouses. From Before the staff of the Systems Division in the Technology Center the information. 1/4 / 2.019</p> <p>2- Amending the competitive examination system for postgraduate students. From before Staff of the Systems Division at the Information Technology Center 4/8/2019</p> <p>3- Submit an updated copy of the postgraduate students follow-up system to the department of Before the staff of the Systems Division in the Technology Center the information. 25/3/2019</p> <p>4- Updating the management system for applying to postgraduate studies by the staff of the Division Systems in the Information Technology Center 01/20/2019</p> <p>5- Amendment to the university fund system by the staff of the Regulations Division in Information Technology Center 10/2/2019.</p> <p>6- Linking the departments to the server of the human resources system by Staff of the Systems Division in the Information Technology Center 3/14/2019.</p> <p>7- Amending the incentive system to calculate the incentives for affiliated university affiliates To the presidency of the university and all its departments by the cadre of the division Systems in the Information Technology Center 01/22/2019</p> <p>8- Implementation of the electronic competitive examination for postgraduate studies in All departments of the university on 23/6/2019</p>

-Semester Activity-
for Information Technology Center
from 10/4/2019 to 10/7/2019

Scientific Axis	Conferences (holding or participating conference, the date and the place)	none
	Seminars	-Participation as an attendee in a symposium on sustainability and recycling operations On 4/21/2019
	workshops	1-Holding a workshop (the optical cable project) by the staff of the Division Networks of the center in the Department of Control and Systems on date 7/5/2019. 2- Holding an electronic management system workshop in our center in the presence of Ministry representatives for the period 5 - 8 / 5 / 2019 3- Holding a workshop on the competitive examination system for postgraduate students In the IT center 2/6/2019 4- Organizing a formal workshop for applying and following up the work of graduate studies And direct submission in our center on 4/4/2019 5- Holding an e-learning workshop in our center on 15/4/2019 6- Participation in the workshop on publishing procedures in magazines Sober scientific at Future College of the University as a participant from By Assistant Lecturer Muhammad Sabah on 4/14/2019.
	Scientific researches	*three completed scientific researches related to the teaching in our center Muhammad Sabah Rashid
	Study groups	1-Implementation of the competitive examination system for postgraduate students for departments University of Technology on 6 / 20 / 2019 with the preparation of the halls assigned to the system. 2- Implementation of the standardized English language exam for postgraduate studies In all scientific departments on 28/5/2019 and 29/5/2019. 3- Implementation of the electronic competitive examination for postgraduate studies On June 23, 2019 for all departments.

	Scientific visits	<ul style="list-style-type: none"> - A visit to the Ministry of Industry and Minerals regarding a cooperation mechanism for e-governance - A visit to the Ministry of Industry and Minerals / Research and Development Authority during Period 5/5 - 9/5/201 -Scientific cooperation with the Ministry of Industry and Minerals within a working group 21/4 - 25/4/2019
	Agreements	none
Engineering and technical axis	Laboratories (building and supplies)	none
	Holding courses (number - course name - place)	<ol style="list-style-type: none"> 1. 11- Holding a course in Google educational and service applications on 18/4/2019. 2. 12- Holding a course in Microsoft Access 2016 in the Information Technology Center for the period from 21/4/2019 to 20/5/2019. 3. 13- Holding a course Computer Maintenance in the Information Technology Center for the period from 12/5/2019 to 16/5/2019. 4. 14- Holding a course in LINUX in the Information Technology Center for the period from 9/4/2019 to 18/4/2019.
	Engineering Projects	<ol style="list-style-type: none"> 1- Establishment of the optical cable project FTTD (under construction). 2- Installing the electronic management system on a server in the university presidency building and linking the departments to this server from their departments, while following it up by specifying a username and password for each department. 3- Follow up the Payroll system and prepare the employees' data to submit them to the banks for settlement for each month. 4- Handing over the new version of the Incentive system to the Oil Technology Department. 5- Handing over the trial version of the warehouse system to the Chemical Engineering Department for testing. 6- Implementation of the Archiving the Contracts and Tenders system for the Government Contracts Division at the university. 7- Follow-up the Financial Accounts system for the University Fund of to match its reports with the financial records. 8- Follow-up the Human Resources system from the Ministry of Higher Education. 9- Following up the Digital Repository system from the Ministry of Higher Education by installing it on the university departments' computers as needed and receiving its data update from the departments. 10- Preparing the data of all engineers from the

university's staff from the Payroll system and submitting these data to the Human Resources Department as requested.

**-Semester Activity-
for Information Technology Center
from 10/7/2019 to 10/10/2019**

Scientific Axis	Conferences (accommodation or participation) name, place and date of the conference	- Participation in the Second Conference for Materials Science and Engineering, which was held at the University Theater on 25-26/10/2019
	Seminars (accommodation or participation) Name, place and date of the seminar	- A seminar about the application of Courses System held at the Ministry of Higher Education and Scientific Research on 18/09/2019
	Workshops (accommodation and participation) Name, place and date of the workshop	1- A workshop about the application and implementation of the Electronic Management System was held at the Information Technology Center for 3 days, starting from 5-7/8/2018. 2- A workshop about the Course System was held at the Ministry of Higher Education on 24/9/2019.
	The number of achieved scientific research	1 scientific research
	Study Groups	Implementation of the Electronic Direct Admission exams (re-nomination) for the year 2019-2020 for the period from 28/8/2019 to 7/10/2019
	Scientific visits	1- A scientific visit to the University of Information Technology on 9/8/2019 about the Human Resources system. 2- A scientific visit to the University of Information Technology on 21/8/2019 about the Human Resources system.
	Agreements and Memoranda	None
	Engineering and technical axis	Laboratories (buildings and supplies)
Holding courses (number - course name - place)		1- A course (Computer Efficiency Methods) was held by the staff of the Information Technology Center in the Information Technology Center on 4-8/8/2019. 2- A course (Computer Efficiency Methods) was held by the staff of the Information Technology Center in the Information Technology Center on 18-22/8/2019. 3- A course (Computer Efficiency Methods) was held by the staff of the Information

Technology Center in the Information Technology Center on 1-5/9/2019.

- 4- A course (Computer Efficiency Methods) was held by the staff of the Information Technology Center in the Information Technology Center on 22-26/9/2019.
- 5- A course (Computer Efficiency Methods) was held by the staff of the Information Technology Center in the Information Technology Center on 29/9-3/10/2019.
- 6- A course (Staff Promotion-Internet) was held by the staff of the Information Technology Center in the Information Technology Center on 17/7/2019.
- 7- A course (Computer Network) was held by the staff of the Information Technology Center in the Information Technology Center on 4/8/2019.
- 8- A course (Windows Server 2012) was held by the staff of the Information Technology Center in the Information Technology Center on 22-26/9/2019.
- 9- A course (HTLM5 and CSS3) was held by the staff of the Information Technology Center in the Information Technology Center on 7/7/2019.
- 10- A course (ASP.net) was held by the staff of the Information Technology Center in the Information Technology Center on 15-26/9/2019.
- 11- A course (Optical cable network design and maintenance) was held by the staff of the Information Technology Center in the Information Technology Center on 15-19/9/2019.
- 12- A course (Network design and management using Mikrotik) was held by the staff of the Information Technology Center in the Information Technology Center on 1-5/9/2019.
- 13- A course (Staff Promotion) was held by the staff of the Information Technology Center in the Information Technology Center on 28/7-8/8/2019.
- 14- A course (Network Design and plan Level 1) was held by the staff of the Information Technology Center in the Information Technology Center on 25-29/8/2019.
- 15- A course (Network Design and plan Level 2) was held by the staff of the Information Technology Center in the Information Technology Center on 1-5/9/2019.
- 16- A course (Network Design and plan Level 3) was held by the staff of the Information

		<p>Technology Center in the Information Technology Center on 8-12/9/2019.</p> <p>17- A first specialized course in the e-learning platform was held by the staff of the Information Technology Center in the Information Technology Center on 2-5/9/2019.</p> <p>18- A course (Office Applications 2016) was held by the staff of the Information Technology Center in the Information Technology Center on 21-25/7/2019.</p> <p>19- A course (Distribution of the Internet to wired and wireless networks using Mikrotik) was held by the staff of the Information Technology Center in the Information Technology Center on 6-10/10/2019.</p> <p>20- A course (ICDL) was held by the staff of the Information Technology Center in the Information Technology Center on 22/9-10/10/2019.</p>
	Engineering Projects	<p>1- Modifying the Incentive system.</p> <p>2- Installing the Digital Repository software.</p> <p>3- Designing and building the Scientific Promotions system.</p> <p>4- Designing and building the Archiving system for the government contracts.</p> <p>5- Modifying the Payroll system.</p> <p>6- Follow-up and maintenance of the University Fund system.</p> <p>7- Follow-up and maintenance of the Human Resource system.</p> <p>8- Follow-up and maintenance of the Electronic Management system.</p> <p>9- Optical cable development project at the University of Technology.</p>

-Semester Activity-
for Information Technology Center
from 10/10/2019 to 10/1/2020

Scientific Axis	Conferences (accommodation or participation) name, place and date of the conference	None
	Seminars (accommodation or participation) Name, place and date of the seminar	<p>1- Holding a seminar to launch warehouse databases, which was held at the Information Technology Center on 4/11/2019.</p> <p>2- Participation in the seminar entitled (The Renewable Energies in Community Service)</p>

		<p>held at the Energy Technology Center on 8/1/2020.</p> <p>3- Participation in the seminar entitled (General Performance Problems) held in the Department of Electromechanical Engineering on 14/11/2019.</p>
	Workshops (accommodation and participation) Name, place and date of the workshop	<p>1- Holding a workshop for The Human Resources system in the Control and Systems Department Hall on 3/12/2019.</p> <p>2- Participation in a workshop for The Human Resources system on 3/10/2019.</p> <p>3- A workshop on the application of the course system was held in the Department of Control and Systems.</p>
	The number of achieved scientific research	None
	Study Groups	Implementation of the Electronic Direct Admission exams (re-nomination) for the year 2019-2020 for the period from 28/8/2019 to 7/10/2019
	Scientific visits	None
	Agreements and Memoranda	None
Engineering and technical axis	Laboratories (buildings and supplies)	None
	Holding courses (number - course name - place)	<p>1- Holding an optical cable course with FTTX technology in the Information Technology Center for the period from 15/12/2019 to 19/12/2019.</p> <p>2- Holding a Staff Promotion course in the Information Technology Center for the period from 20/10/2019 to 31/10/2019.</p> <p>3- Holding a Staff Promotion course in the Information Technology Center for the period from 10/11/2019 to 21/11/2019.</p> <p>4- Holding a Staff Promotion course in the Information Technology Center for the period from 1/12/2019 to 15/12/2019.</p> <p>5- Holding a Staff Promotion course in the Information Technology Center for the period from 22/12/2019 to 5/1/2020.</p> <p>6- Holding a course in Computer Efficiency Methods in the Information Technology Center for the period from 1/12/2019 to 5/12/2019.</p> <p>7- Holding a course in Computer Efficiency Methods in the Information Technology Center for the period from 15/12/2019 to 19/12/2019.</p> <p>8- Holding a course in Computer Efficiency Methods in the Information Technology Center for the period from 29/12/2019 to 2/1/2020.</p> <p>9- Holding a course in Oracle 10g in the</p>

		<p>Information Technology Center for the period from 25/11/2019 to 28/11/2019.</p> <p>10- Holding a course in SQL Server 2012 in the Information Technology Center for the period from 17/11/2019 to 28/11/2019.</p> <p>11- Holding a course entitled (Staff Promotion-Internet) in the Information Technology Center for the period from 27/10/2019 to 4/11/2019.</p>
	Engineering Projects	None
